PROFESSIONAL SUMMARY

Undergraduate Informatics student with a GPA of 3.78/4.00 and strong interests in Full Stack Development, Artificial Intelligence, Machine Learning, Cloud Computing, and UI/UX Design. Experienced in developing web applications using React.js, Golang, Laravel, PHP, Java, and Python. Skilled in building RESTful APIs, managing databases, designing responsive user interfaces, and applying modern software development practices. Familiar with Git-based collaboration, cloud technologies, and AI-powered solutions. Passionate about continuous learning and building scalable applications that solve real-world problems.

EDUCATION

Bachelor of Informatics

DIGITAL TECHNOLOGY UNIVERSITY OF INDONESIA, Yogyakarta

2024 – Present

GPA: 3.78 / 4.00

Relevant Coursework:

- Algorithms & Data Structures
- Object-Oriented Programming
- Database Systems
- Software Engineering
- Distributed Systems
- Artificial Intelligence
- Machine Learning
- Computer Networks
- Cloud Computing
- Data Mining

PROJECT EXPERIENCE

RENTAL CAR MANAGEMENT SYSTEM

Full Stack Developer | Jan 2025 – Apr 2025

- Developed a web-based rental management system using PHP, Laravel, MySQL, and Bootstrap.
- Implemented CRUD functionality for vehicles, customers, and rental transactions.
- Designed relational database structures to support efficient data management and reporting.

- Built an administrative dashboard for monitoring rental activities and business operations.
- Improved operational efficiency through automated transaction processing and report generation.

TASKMATE – TASK & CLASS SCHEDULE REMINDER APPLICATION

UI/UX Designer | May 2025 – Jul 2025

- Conducted user research to identify student challenges in managing assignments and lecture schedules.
- Designed user flows, wireframes, and high-fidelity prototypes using Figma.
- Created intuitive and user-friendly interfaces focused on productivity and accessibility.
- Developed interactive prototypes to validate usability and user experience before implementation.
- Designed features including task reminders, class schedules, academic calendars, notifications, and task prioritization.

PERSONAL PORTFOLIO WEBSITE

Full Stack Developer | Aug 2025 – Sep 2025

- Developed a personal portfolio website using React.js, Golang, and PostgreSQL.
- Designed responsive user interfaces optimized for desktop and mobile devices.
- Built RESTful APIs for project management and contact form integration.
- Implemented reusable frontend components and scalable backend architecture.
- Deployed and maintained applications using cloud-based hosting platforms.

MACHINE LEARNING DATA ANALYSIS APPLICATION

Machine Learning Developer | Oct 2025 – Dec 2025

- Developed predictive models using Python and Scikit-Learn.
- Performed data preprocessing, feature engineering, and model evaluation.
- Visualized analytical results using Pandas and Matplotlib.
- Improved prediction accuracy through model optimization and parameter tuning.
- Generated insights to support data-driven decision making.

ORGANIZATIONAL EXPERIENCE

HIMAFORKA (Himpunan Mahasiswa Informatika)

Active Member | 2025 – Present

- Participated in academic, organizational, and technology-related activities.
- Collaborated with student teams to organize seminars, workshops, and educational events.
- Contributed to initiatives that support student learning and professional development.

TECHNICAL SKILLS

Programming Languages:

Java, PHP, Python, JavaScript, TypeScript, Golang

Frontend Development:

React.js, Next.js, HTML5, CSS3, Bootstrap, Tailwind CSS

Backend Development:

Golang, Laravel, PHP, REST API Development, Node.js

Databases:

MySQL, PostgreSQL, MongoDB, Firebase

Machine Learning & AI:

Machine Learning, Data Analysis, Prompt Engineering, Large Language Models (LLM), Generative AI

Cloud & DevOps:

AWS, Docker, Git, GitHub, Linux, CI/CD

UI/UX Design:

Figma, Wireframing, Prototyping, User Flow Design, User Research

CERTIFICATIONS

- Belajar Dasar AI – Dicoding
- Belajar Penggunaan Generative AI – Dicoding

SOFT SKILLS

- Problem Solving
- Communication
- Teamwork
- Leadership
- Adaptability
- Time Management
- Critical Thinking

LANGUAGES

- Indonesian (Native)
- English (Intermediate)

INTERESTS

- Full Stack Development
- Backend Engineering
- Artificial Intelligence
- Machine Learning
- Generative AI
- Cloud Computing

- UI/UX Design
- Software Architecture
